

INTERURBAN ARTHOUSE

Hello,

My name is Wolfe Brack, Operations Manager for the [InterUrban ArtHouse](http://www.interurbanarthouse.org). We are a 501c3 arts organization that provides affordable studio space to local artists, and gallery exhibitions and arts programming for the public.

We've hired Martika on two separate occasions. The first was to perform at our annual fundraiser gala, where she provided a casual, free form, solo performance in front of our space, and worked with other performers later in the evening for a more coordinated show. Most recently, we hired her to produce a performance artist panel and discussion during the span of our multicultural gallery exhibition and festival. She wrote, organized, and moderated the panel, and provided supplementary written material for audience members to take home. She ended the program with a with a short performance that included fire eating, glass walking, and sword swallowing, all while maintaining audience safety, enthusiasm, and participation.

Martika is also known for her motivational speaking, and finds a way to incorporate informative and uplifting messages into her performances.

Both times, Martika has been prompt, professional, and easy to work with. Through her social media platforms, one can see that she is constantly striving to maintain her high standard of skill and showmanship, and surpass expectation. I've seen her perform elsewhere around the city over the last few years, and have always been impressed with the quality and multifaceted nature of her work.

Sincerely,

Wolfe Brack

Operations Manager
